Drinks List

We are one of the last remaining fully independent pub venues in the city and at The Roundhouse we believe in three key things.

The first is people. We have always believed that good people make a great place and that's what we do best.

The second is food, we believe that a casual food experience is exactly what people need now. We have an atmosphere that's similar to what you want at home, relaxed and easy.

And the third, good drinks, so take a look at what we have for yourself and if there is something you normally like but can't see it on the menu, ask your server as they would be more than happy to help!

Cheers to good times ahead!
